1.	The Vitkovice Klement Gottwald Ironworks in Kunci Donbas, is still under construction. At present mill (plant no. 15) and an engineering shop (plan duction. A large foundry (plant no. 420) is almo foundry, a power plant, a number (sic) of blast i works are being built.	only a pipe roll: nt no. 28) are in ost complete. A s	ing pro- second
2.	The pipe rolling mill is located in a hall about mensions. It has been in production since early employs about 1,500 workers. The mill produces a	in October 1950 a steel pipe of 150	ınd
